LOCAL COMMERCIAL BUILDING PERMIT FOR PROJECT IN THE TOWN OF PESHTIGO

Owner / Agent: G4 Construction Management LLC
Construction Site: (Taco Bell Project) 1388 Old Peshtigo Road
Engineering: Excel Engineering Inc.
Date of issue: 18-March-2021
(Permits expire two years from issue.)

PERMIT CONDITIONS

The town expects that all State Commercial Building codes – SPS 360-366 plus appendices, State fire codes and accessibility requirements as defined by Federal Disabilities Act will be followed according to submitted plans. It further expects that the owner or agent for the project to comply with provisions specified by all county sanitary permits, shoreline protection and DNR requirements. The City will cooperate with these agencies to assist them with enforcement when allowed by jurisdiction and statute.

THE TOWN CAN ONLY PROVIDE LIMITED COMMERCIAL INSPECTION.

The town building inspector will do inspections related to compliance with local ordinances, erosion control and accessibility by city emergency vehicles.

THIS LOCAL PERMIT IS CONDITIONALLY ISSUED BASED ON COMPLIANCE WITH STATE PERMIT REQUIREMENTS.

It is the responsibility of owners or their agents to request state inspection when required by the Wisconsin Commercial Building code. Copies of state permits and orders issued by state inspectors must be sent to the City Building Inspector.

Amount of soil disturbed for project: _____ None Under 1 acre _____ If over 1 acre you must provide a formal plan.

All permits are issued with the expectation that the applicant has agreed to provide erosion control. See SPS 321.125(1) Sediment control practices shall be employed as necessary and maintained to prevent or reduce the potential deposition of soil or sediment to the waters of the state or adjacent properties. YOU MUST keep soil from being tracked onto streets by vehicles and control soil erosion from soil stockpiles. Sediment from dewatering at the project area must be kept from street storm water inlets, waters of the state or flow off site. Control practices should be in place for each area of disturbed land prior to starting construction and shall be maintained until the disturbed areas are stabilized by the re-establishment of 70% of new vegetation. When more than one acre of land is disturbed you must get a formal approved plan

LOCAL COMMERCIAL BUILDING PERMIT FOR PROJECT IN THE TOWN OF PESHTIGO

Owner / Agent: C & E FRANK LLC
Construction Site: N 2550 TIMBERLAND WAY
Project: STORAGE UNIT
Date of issue: 7 - 1 -2021
(Permits expire two years from issue.)

PERMIT CONDITIONS

The town expects that all State Commercial Building codes – SPS 360-366 plus appendices, State fire codes and accessibility requirements as defined by Federal Disabilities Act will be followed according to submitted plans. It further expects that the owner or agent for the project to comply with provisions specified by all county sanitary permits, shoreline protection and DNR requirements. The town will cooperate with these agencies to assist them with enforcement when allowed by jurisdiction and statute.

THE TOWN CAN ONLY PROVIDE LIMITED COMMERCIAL INSPECTION.

The town building inspector will do inspections related to compliance with local ordinances, erosion control and accessibility by city emergency vehicles.

THIS LOCAL PERMIT IS CONDITIONALLY ISSUED BASED ON COMPLIANCE WITH STATE PERMIT REQUIREMENTS.

It is the responsibility of owners or their agents to request state inspection when required by the Wisconsin Commercial Building Code. Copies of state permits and orders issued by state inspectors must be sent to the town Building Inspector.

I understand that I am subject to all applicable codes, laws, statutes and ordinances, including those described on the reverse side of the last ply of this form; am subject to any conditions of this permit; understand that the issuance of this permit creates no legal liability, express or implied, on the state or municipality; and certify that all the above information is accurate. If one acre or more of soil will be disturbed, I understand that this project is subject to ch. NR 151 regarding additional erosion control and stormwater management and the owner shall sign the statement on the back of the permit if not signing below. I expressly grant the building inspector, or the inspector's authorized agent, permission to enter the premises for which this permit is sought at all reasonable hours and for any proper purpose to inspect the work which is being done.

I vouch that I am or will be an owner-occupant of this dwelling for which I am applying for an erosion control or construction permit without a Dwelling Contractor Certification and have read the cautionary statement regarding contractor responsibility on the reverse side of the last ply of this form.

THIS DRAWING IS THE PROPERTY OF CREATIVE SIGN CO, INC.
This is an original, unpublished drawing by Creative Sign Co, Inc. It is for your personal use, in conjunction with a project being planned for you by Creative Sign Co, Inc. It is not to be shown to anyone outside of your organization nor is it to be used, reproduced, copied or exhibited in any fashion. Use of this design or the salient elements of this design in any sign done by any other company, without the expressed written permission of Creative Sign Co, Inc., is forbidden by law and carries a civil forfeiture of up to 25% of the purchase price of the sign. CONTACT YOUR SIGN CONSULTANT TO PURCHASE THE RIGHTS TO THIS DESIGN.

CONCEPTUAL DRAWING ONLY
All sizes and dimensions are illustrated for client conception of the project and are not to be understood as being exact size or exact scale. Renderings, including lighting effects, opacities, and coloration, are an approximation.

CUSTOMER RESPONSIBILITIES
Please review all drawing details closely, as Creative Sign will produce signs as approved drawing indicates. Some changes may occur based on production needs. While Creative Sign will make all efforts to correct any obvious spelling or grammatical errors, the customer is responsible for confirming that the above copy, including names and titles, appear as desired. Creative Sign will make every effort to closely match colors, including PMS, where specified. We cannot guarantee exact matches due to varying compatibility of surface materials and paints used.

Amount of soil disturbed for project: None Under 1 acre If over 1 acre you must provide a formal plan.

All permits are issued with the expectation that the applicant has agreed to provide erosion control. See SPS 321.125(1) Sediment control practices shall be employed as necessary and maintained to prevent or reduce the potential deposition of soil or sediment to the waters of the state or adjacent properties. YOU MUST keep soil from being tracked onto streets by vehicles and control soil erosion from soil stockpiles. Sediment from dewatering at the project area must be kept from street storm water inlets, waters of the state or flow off site. Control practices should be in place for each area of disturbed land prior to starting construction and shall be maintained until the disturbed areas are stabilized by the re-establishment of 70% of new vegetation. When more than one acre of land is disturbed you must get a formal approved plan

Amount of soil disturbed for project: None Under 1 acre If over 1 acre you must provide a formal plan.

All permits are issued with the expectation that the applicant has agreed to provide erosion control. See SPS 321.125) (1) Sediment control practices shall be employed as necessary and maintained to prevent or reduce the potential deposition of soil or sediment to the waters of the state or adjacent properties. YOU MUST keep soil from being tracked onto streets by vehicles and control soil erosion from soil stockpiles. Sediment from dewatering at the project area must be kept from street storm water inlets, waters of the state or flow off.site. Control practices should be in place for each area of disturbed land prior to starting construction and shall be maintained until the disturbed areas are stabilized by the re-establishment of 70% of new vegetation. When more than one acre of land is disturbed you must get a formal approved plan
